

HOT -We Meet

1

He's a responsible wage earner.

She's physically attractive to me!

2

He's physically attractive in clothes, smile and manners.

She makes me feel like the most important man in the world.

3

He has the strength to defend me and make me feel safe from threats.

She tells me about all the things I do well.

4

He always meets my needs by sacrificing his time, energy and money for me.

She respects and accepts me as the man I really am.

He's the man I want!

She's the woman I want!

NOT The Married Years...

1

He does NOTHING to make me feel financially secure.

I work my fingers to the bone for her and what do I get???

2

He used to take care of himself, now he's a slob!

What's the sense in taking care of myself. She won't give me any sex.

3

He used to defend me. Now I have to defend myself.

If she's so good at fighting me, then she can just fight for herself.

4

He doesn't make me feel emotionally secure anymore.

I work hard for a living. She can do a little around here.

I need to find some guy who cares about me.

I need to find some woman who respects me.
